Ideas grow faster in the right environment

Spawning new ideas and getting them to market fast are the mark of innovative companies. So we're happy that customers tell us they more than double their productivity with today's Microwave Office® design environment. ACE™ automated circuit extraction cuts interconnect modeling to seconds. AXIEM™ 3D planar EM reduces most EM cycle times by a factor of 10. Plus our open framework means everything is in the same workflow so there's no jumping in and out of different tools. It means shorter turnarounds and less hectic deadlines too.
